

Blind Flange DIN 2576 PN16 DN32 Carbon Steel

Brand: Generic Part No: DIN2576-BF-DN32-PN16 HS: 7307.19
Pipes, Fittings & Flanges — Blind Flanges

Description

DIN 2576 blind flange PN16, DN32 in carbon steel. Used to close off pipe ends in pressurized systems.

Specifications

Standard	DIN 2576 / EN 1092-1
Type	Blind Flange (Type 05)
Nominal Size	DN32
Pressure Rating	PN16
Outer Diameter	140mm
Bolt Circle	100mm
Bolts	4x M16
Thickness	16mm
Material	P250GH / S235JRG2 Carbon Steel
Face	Raised Face (Form B1)

Standards & Approvals

Standards: ASME B16.5, EN 1092-1, EN 10204, DIN 2576, BSP/NPT
Approvals: PED
