

Exhaust Expansion Bellows DN100 Stainless Steel Flanged

Brand: Witzenmann Part No: EXB-DN100-SS HS: 8421.39
Exhaust & Emissions — Exhaust Components

Description

Axial exhaust expansion bellows DN100 with fixed flanges. 321 stainless steel bellows element rated for high-temperature exhaust gas service.

Specifications

Type	Axial Expansion Bellows
Size	DN100 (4")
Bellows Material	AISI 321 stainless steel
Flange	Fixed, PN16, DIN EN 1092-1
Plies	2-ply
Movement	A20mm axial
Temperature	up to 550°C
Cycles	5000 rated cycles
Length	200mm face-to-face

Standards & Approvals

Standards: EN 14917, DIN EN, EN 1092-1
Approvals: DNV, ABS, BV, LR, ClassNK
