

Exhaust Expansion Bellows DN150 Stainless Steel Flanged

Brand: Witzenmann Part No: EXB-DN150-SS HS: 8421.39
Exhaust & Emissions — Exhaust Components

Description

Axial exhaust expansion bellows DN150 with fixed flanges. 321 stainless steel multi-ply bellows for marine main engine and generator exhaust systems.

Specifications

Type	Axial Expansion Bellows
Size	DN150 (6")
Bellows Material	AISI 321 stainless steel
Flange	Fixed, PN16, DIN EN 1092-1
Plies	2-ply
Movement	A25mm axial
Temperature	up to 550°C
Cycles	5000 rated cycles
Length	250mm face-to-face

Standards & Approvals

Standards: EN 14917, DIN EN, EN 1092-1
Approvals: DNV, ABS, BV, LR, ClassNK
