

# Quartz Sleeve for SITA UV 10 IT AM Series

Brand: SITA    Part No: 3853-0325    HS: 7020.00  
Electrochlorination & Water Treatment — Quartz Tubes

---

## Description

SITA 3853-0325, catalog identifier for the specific configuration. Replacement quartz sleeve for SITA UV water treatment systems. High-purity fused quartz with strong UV transmittance. Used in potable and process water treatment loops covering pretreatment, disinfection and post-treatment polishing. Manufacturer: SITA. Manufacturer part number: 3853-0325. Available on quote-to-invoice terms via cBallast. Lead time and freight are quoted per RFQ against destination Incoterm.

## Specifications

|                |                                                                |
|----------------|----------------------------------------------------------------|
| Material       | Fused quartz (SiO2)                                            |
| Standards      | IMO MEPC.279(70), IMO BWMS Code, USCG 46 CFR 162.060, MEPC.279 |
| Approvals      | IMO MEPC.279(70), BWMS Code, USCG, IMO                         |
| HS code        | 7020.00                                                        |
| Component type | Quartz sleeve                                                  |
| Part number    | 3853-0325                                                      |
