

# Thordon SXL Stern Tube Bearing (Semi-Finished with Grooves)

Brand: Thordon Bearings    Part No: WLP001952    HS: 8487.10  
Steering & Propulsion — Stern Tube Bearings

---

## Description

Thordon SXL seawater-lubricated stern tube bearing in semi-finished form with water-distribution grooves pre-machined.

## Specifications

|             |                                               |
|-------------|-----------------------------------------------|
| Type        | Stern Tube Bearing Semi-Finished              |
| Part Number | WLP001952                                     |
| Material    | Thordon SXL polymer composite                 |
| Lubrication | Seawater lubricated                           |
| Grooves     | Pre-machined water distribution               |
| Finish      | Semi-finished (requires final bore machining) |
| Approvals   | All major Class societies                     |

## Standards & Approvals

Approvals: DNV, ABS, BV, LR, ClassNK, KR, RINA, CCS
