

Sondas y accesorios / Probes and accessories-50°C **Sondas NTC / NTC probes** +100°C

AKO-14901 L = 1,5m Vaina y cable
 AKO-14902 L = 2,0m de poliolefina modificada
 AKO-14903 L = 3,0m Sheath and cable
 AKO-14906 L = 6,0m of modified polyolefin

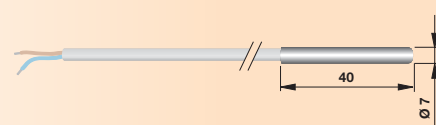

-50°C **Sonda PTC con trenza / Metal braid 100 PTC probe** +100°C

AKO-71729 L = 1,5m

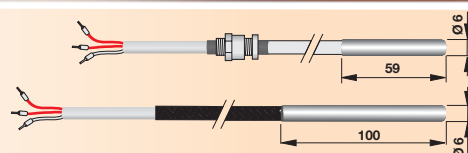

Vaina de acero inoxidable
 Cable de silicona + trenza de acero inoxidable
 Stainless steel sheath
 Silicone rubber cable + steel sheath braided

-50°C **Sondas PTC / PTC probes** +150°C

AKO-155801 L = 1,5m Vaina de latón plateado
 AKO-155802 L = 2,0m Cable de silicona
 AKO-155803 L = 3,0m Plated brass sheath
 AKO-155807 L = 7,0m Silicone rubber cable
 AKO-155815 L = 15,0m
 AKO-155830 L = 30,0m

-50°C **Sonda Pt 100 / Pt 100 probe** +150°C +350°C

AKO-15585 L = 2,0m Hasta / up to 150°C
 Vaina de acero inoxidable / Stainless steel sheath
 AKO-15587 L = 2,0m Hasta / up to 350°C

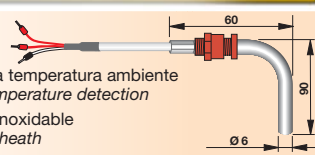

-200°C **Sonda Pt 100 con trenza / Metal braid Pt 100 probe** +600°C

AKO-71727 L = 1,5m

Vaina de acero inoxidable
 Cable de silicona + trenza de
 cobre estañado
 Stainless steel sheath
 Silicone rubber cable + tinned
 copper braided

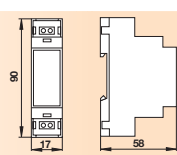

-40°C **Sonda Pt 100 / Pt 100 probe** +60°C

AKO-71726
 Para detectar la temperatura ambiente
 For ambient temperature detection
 Vaina de acero inoxidable
 Stainless steel sheath

**Convertor de alimentación / Power supply converter**

AKO-15589

14 a 30V ≈ 12V, 6VA

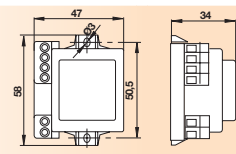

**Cable para prolongación de sondas / Extension probes cable**

AKO-15586
 Cable de 3 x 0,5 mm² con aislamiento,
 de trenza de cobre y cubierta PVC
 3 x 0,5 mm² insulated cable,
 copper braided and PVC outer sheath

Transformador de alimentación / Power supply transformer

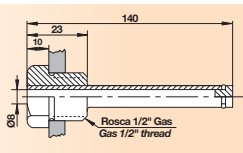

AKO-15590

120-230/12V, 3VA

**Vaina para alojar sondas en depósitos
Sheath for housing probes into tanks**

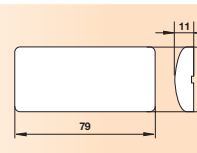

AKO-155908

Material:
 acero inoxidable
 Material:
 Stainless steel material

**Protector frontal / Front protector**

AKO-14910

Plástico transparente para
 equipos montaje en panel
 Transparent plastic for
 panel mounting equipment
