

FITT new cleany hose

Heavy-duty hose, ideal for sanitation in food and agricultural sectors.

Designed for food industry and farm cleaning, FITT New Cleany hose is the product for the passage of water and solutions for high-pressure sanitation, thanks to the higher resistance to the aggressive chemical components.

Structure: PVC hose with high strength polyester double reinforcement.

Temperature of use: -20°C / +80°C

- New inner layer that guarantees a **superior resistance** to cleaning detergent.
- Outer layer has been improved to ensure an **excellent strenght** to aggressive chemical components.

REACH
compliant

RoHS
compliant

PAH free

Phthalate free
formulation <0,1%

FCM - Compliant with European Regulation 10/2011 for Simulants A-B-C.

FITT NEW CLEANY HOSE

Marcatura | Marking: FITT NEW CLEANY HOSE DlxDE WP xxBAR/xxxPSI @80°C REG. (EU) 10/2011 A-B-C  PHTHALATE FREE - MADE IN ITALY

Ø internal [mm]	Ø external [mm]	Thickness [mm]	Working pressure at 23°C [bar]	Bursting pressure at 23°C [bar]	Working pressure at 80°C [bar]	Bursting pressure at 80°C [bar]	Bending radius [mm]	Length [m]	Weight per meter [g/m]

19	31	6	50	150	30	90	90	60	610

IMPROVEMENTS:

+35% of bursting pressure at 80°C

+40% of aggressive chemical components resistance of the outer layer compared to the previous FITT Cleany hose

Inner diameters and corresponding tolerances according to the norm UNI EN ISO 1307:2008. The length tolerance is ± 5%. Please check with FITT the diameter availability.
