

REACH Declaration

Tridon EMEA B.V.

Dear Customer,

Tridon EMEA B.V. hereby declares that its products continue to comply with the European Union's REACH Regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorisation, and Restriction of Chemicals.

As of 4 August 2025, we confirm the following in relation to our compliance with REACH, including the most recent updates to the Candidate List of Substances of Very High Concern (SVHC) as published by the European Chemicals Agency (ECHA) on 26 June 2025:

- **Substance Registration:** All substances used in the manufacture of our products that fall within the scope of REACH are either pre-registered, registered, or exempt from registration with the European Chemicals Agency (ECHA) in accordance with the REACH Regulation.
- **Substances of Very High Concern (SVHC):** To the best of our knowledge, and based on information provided by our suppliers, none of the substances present in our products are listed on the ECHA's Candidate List of SVHCs at concentrations exceeding the threshold limit of 0.1% by weight.
- **Communication and Information:** Tridon EMEA B.V. is committed to fulfilling all relevant communication obligations under REACH. We continuously monitor regulatory updates and will notify our customers in a timely manner if any relevant changes occur in the chemical composition or regulatory status of our products.

This declaration applies to all products supplied by Tridon EMEA B.V., unless stated otherwise in product-specific documentation.

For further information or specific REACH-related inquiries, please contact our customer service at mpcorder@tridon.eu.
