| <b>ASSEMBLED CODE</b>                      | 4PG1SGS                                                                                                                                                                                                                                                                                                         |
| <b>DESCRIPTION</b>                         | P150 additivated polymer concrete drain channel, with Gridiron's special ductile iron edge rails, c/w no.2 grids in GSJ500-7 painted cast iron, dim. 150x500 H25, assembled and locked, runoff section 95 sq-cm. Loading class D400 accordingly to Standards UNI-EN 1433:2008 as for installation instructions. |
| <b>PRODUCT LINE</b>                        | Drainage channel type "M"                                                                                                                                                                                                                                                                                       |
| <b>STANDARD</b>                            | EN 1433:2008                                                                                                                                                                                                                                                                                                    |
| <b>LOADING CLASS</b>                       | D400 - EN 1433:2008                                                                                                                                                                                                                                                                                             |
| <b>INTENDED USE OR USES OF THE PRODUCT</b> | Collection and channelling of surface water into areas subject to pedestrian and/or vehicle traffic according to the indicated flow rate.                                                                                                                                                                       |
