

Dear Customer:

Re: RoHS

This document certifies that all ANSELL products fall outside the scope of EU Directive 2011/65/EU Restriction of Hazardous Substances in Electrical and Electronic Equipment (**RoHS**). Specifically ANSELL products do not meet the definition of EEE (electrical and electronic equipment) as set out in Article 2 paragraph 1 and Article 3 paragraph 1 of the Directive, unless ANSELL products supplied to you are *‘dependent on electric currents or electromagnetic fields in order to work’*.

Consequently, this regulation is not applicable to ANSELL products.

Yours sincerely,
