

Ideal Standard

REACH DECLARATION

05.2025

Dear Customer,

You rightly expect Ideal Standard International NV to deliver products that satisfy your high standards regarding quality and safety.

At Ideal Standard International NV, we always set high standards for our products. As a matter of principle, we manufacture our products in compliance with the applicable statutory provisions.

Our continual quality assurance therefore also covers the provisions of the REACH Regulation. In close cooperation with our suppliers, this ensures that the regulation is implemented in our customers' interests.

Ideal Standard International NV is affected in this context by the statutory requirements of the REACH Regulation primarily as a recipient or supplier in accordance with Article 3 (32) to (35) or as a downstream user in accordance with Article 3 (13) of the regulation. We shall therefore satisfy our obligations to our suppliers and customers, particularly with regard to communication of the supply chain.

Reassignment of the functions and duties of individual parties as set out in the Regulation is not under consideration.

In accordance with our policy of continual product innovation and exceptional quality, you can continue to rely upon our products as before.

Kind regards,

Ideal Standard International
