Declaration: REACH, SVHV list

Dear Sirs and Madames,

On June 1, 2007, the European Regulation (EC) No. 1907/2006 on the Registration, Evaluation and Authorization of Chemicals (REACH) came into force. The law primarily obliges manufacturers and importers of substances to register them with the Chemicals Agency in Helsinki. In terms of REACH, our company is a downstream user who is usually not required to register himself.

According to the currently available written statements from our suppliers regarding the products and raw materials delivered to us, we can inform you that all products delivered to you (HT Safe, Skolan Safe, KG and Ostendorf KG2000) are not subject to registration or contain substances which are currently in the SVHC chemicals list.

If you have any further questions, please do not hesitate to contact us.

Mit freundlichen Grüßen

Gebr. Ostendorf Kunststoffe GmbH
