Customer information regarding the regulation (EC) No. 1907/2006 ("REACH")

Dear Sirs,

as a producer of drainage products, we are in the role of the "downstream user".

These products are articles in the sense of REACH.

Our products do not contain any particularly hazardous substances (SVHC; "Substances of Very High Concern") of the candidate list (as of 01 April 2020) according to article 59 (1) that exceeds 0.1% by mass.

Should we become aware over time that products from our suppliers contain substances of the candidate list that lead to a concentration of more than 0.1% by mass in the manufacture of our products, we will fulfil our legal obligation to inform you.

Best regards

Dallmer GmbH + Co. KG

Stefan Ulrich
