

Nova Milanese 24/09/2013

SUBJECT: REGULATION (EU) No 305/2011 (CPR)

Herewith we declare that both carbon steel pressfittings, produced by Eurotubi Europa, and carbon steel pipes, distributed by Vimoter for the applications indicated below:

- Heating installations
- Compressed air distribution
- Solar installations without steam
- Sprinkler fire fighting systems

are not covered by harmonised product standards and therefore

ARE EXEMPTED FROM

CE marking and from drawing up a declaration of performance.

EXCLUSIONS:

Both carbon steel pressfittings and pipes distributed by Eurotubi Europa/Vimoter are NOT suitable for the purposes intended by the standard EN 10224:

- Waste water installations
