

Manufacturer's DECLARATION

TO APPLICATION OF REACH-REGULATION

REACH Regulation (EC) No. 1907/2006 – Registration, Evaluation, Authorization and Restriction of Chemicals

The European REACH Regulation applies to chemical substances and preparations, manufactured or imported into the European Community in quantities of 1 ton per year or more.

Mann Teknik AB of Strandvägen 16, SE-542 31 Mariestad, Sweden

hereby declares that we are producing couplings and valves but no substances and preparations as specified in the REACH Regulation and therefore this regulation is not applicable.

This declaration is issued under the sole responsibility of the manufacturer.

Signed for and on behalf of

Mann Teknik AB
