Object: **PRODUCT DECLARATION VITILLO S.P.A.**

Dear customer,

The following declaration is about vitillo SPA products belonging to the hoses and it has been issued in order to report in a single declaration the compliance within limits foreseen by the current regulation of the items supplied by us.

The statements contained in this document are based solely on our current level of knowledge and analysis of the Material Data Sheets (SDS/MDS) and/or other declarations of the raw materials used during our production processes, made available to us by providers.

VITILLO does not regularly analyze its raw materials for SVHC. Additionally, VITILLO's statements here do not include disclosure of "impurities," defined for purposes of this certification as chemicals that are unintentionally present with other chemicals and are not present for the purpose of imparting or modifying the characteristics of a material or product .

Due to the complexity required to accurately trace, review and confirm this declaration, Vitillo Technical Department will update this document on an annual basis. Any pending regulations or pending changes to chemical lists may not be reflected in this edition.

Since the conditions of use are beyond the control of Vitillo, we hereby make no warranties, express or implied, and assume no liability relating to any use of this information. For the conditions of use of Vitillo products, please refer to the technical data sheets of each product, which show the methods and conditions of use of the same in complete safety.

**DECLARATIONS OF COMPLIANCE
OF VITILLO S.P.A. PRODUCTS
HOSES**

Regulation EC n.1907/2006/CE "REACH"

In reference to EC Regulation n.1907/2006/EC "REACH", of the European Parliament and of the Council of 18 December 2006 relating to the registration, evaluation, authorization and restriction of chemical substances (REACH) published on 30 December 2006 in the Official Journal of 'European Union 396/1, we inform you that the products supplied are classified as "articles".

VITILLO products are exempt from any registration obligation because they are defined as articles that do not release substances during their normal and intended use pursuant to article 7.1 of the regulation and therefore do not require registration.

In relation to the obligations set out in this regulation, Vitillo

- Declares that the products supplied are made within the EU;
- Declares, with the limitations set out here, that its products comply with the applicable provisions of the regulation known as REACH (Registration, Evaluation, Authorization and Restriction of Chemicals).
- Complies with all required obligations
- Undertakes to indicate if the article complies with all the restrictions contained in Annex XVII and/or if it contains substances of "extreme concern" SVCH, in concentrations greater than 0.1% by weight, currently included in the published "Candidate List" on the ECHA website.
- Provides all the information for the safe use of articles containing SVCH substances.

VITILLO articles do not contain any substance above 0.1 % weight by weight in the Candidate List of Substances of Very High Concern (SVHC), issued for the first time 28th October 2008 and last updated on 26 June 2024 (Number of substances on the Candidate List: 241).

VITILLO spa knows that this List will regularly updated by ECHA with new substances and that, under the provisions of REACH, VITILLO has the obligation to keep himself informed and to inform immediately and automatically Customers on their presence in articles supplied from VITILLO.

VITILLO has taken the necessary measures towards suppliers of chemical substances used during the production processes, in order to ensure that they have current registration in compliance with the deadlines set by REACH. VITILLO spa representations herein are solely based on the Material Safety Data Sheets (MSDS) provided by VITILLO suppliers. VITILLO spa does not routinely analyze his raw materials for SVHC. Further, VITILLO spa representations herein do not include disclosure of "impurities", defined for purpose of this certification as chemical substances that are unintentionally present with other chemical substances and are not present for

the purpose of imparting or changing the characteristics of a material or product.

VITILLO spa doesn't expect changes in articles portfolio due to REACH because VITILLO has taken the necessary steps on substances suppliers to ensure that they have current registration in accordance with the timeframes under REACH.

VITILLO is committed to continuously complying with REACH requirements and intends to do so in full collaboration with commercial partners.

DELEGATED DIRECTIVE (EU) 2015/863 ROHS III**Of 31 March 2015 amending Annex II of Directive 2011/65/EU of the European Parliament and of the Council as regards the list of substances with restricted use OJ L 137/11 4.6.2015**

The Vitillo articles supplied by us comply with all the obligations required by the RoHS 2 and RoHS 3 Directives and their amendments.

Although this Directive applies to the use of certain hazardous substances in electrical and electronic equipment, Vitillo produces products that comply with this Directive.

Annex II - Substances with restricted use, and values of maximum tolerated concentrations by weight in homogeneous materials

- Lead (0,1 %)
- Mercury (0,1 %)
- Cadmium (0,01 %)
- Hexavalent chromium (0,1 %)
- Polybrominated biphenyls (PBB) (0,1 %)
- Polybrominated diphenyl ethers (PBDE) (0,1 %)
- Bis phthalate (2-etilesil) (DEHP) (0,1 %)
- Benzylbutylphthalate (BBP) (0,1 %)
- Dibutyl phthalate (DBP) (0,1 %)
- Diisobutyl phthalate (DIBP) (0,1 %)

None of our components (hoses) produced by Vitillo spa contain the substances listed above.

Vitillo S.p.A. undertakes to monitor the development of the aforementioned current regulations and to respect their contents, complying with the obligations established as appropriate.
