

Declaration of compliance to regulations on materials intended to come into contact with foodstuffs

We, SKF Seals BU, hereby declare that the seals made of nitrile rubber with the designation **NBR01523** comply with the requirements of

- Regulation EC 1935/2004,
- Regulation EC 2023/2006,
- FDA CFR 21 177.2600, and
- the BfR recommendation paragraph XXI "Commodity Articles Based on Natural and Synthetic Rubber", category 3.

This declaration is based on the material composition according to the respective positive lists and migration tests performed on test specimens of the material NBR01523 by an external laboratory.

Migration tests included

- Extraction test in distilled water and n-hexane (acc. FDA),
- Extraction tests in distilled water, 3% acetic acid and 10% ethanol at 40°C for 10 minutes (acc. BfR recommendation XXI).

This declaration is in effect until further notice, i.e. suppliers retract their corresponding ingredient declarations or a change in regulations is requiring further assessments.

Yours sincerely,

Global Material Technology, PTD SKF Seals
