

Conformity Declaration to REACH (CE) N°1907/2006 Instructions

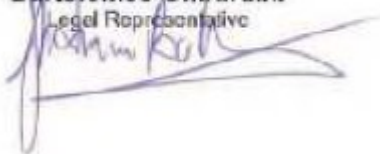

Registration, Evaluation, authorization and restriction in using specific dangerous chemical substances (Reduction, Evaluation, Authorization Chemical Products)

With reference to Regulation (CE) n. 1907/2006, issued by European Community for the registration, evaluation, authorization and restriction in using specific dangerous chemical substances (REACH), Italcuscinetti S.p.a. inform that, being its position the one “article” distributor without the release of international, substances, is not subjected to any pre-registration obligation.

We also specify that, following the above mentioned regulation, these products, for their specifications, do not enter in the duties foreseen in art.33 “Obligation to inform about substances in the articles” because the weight percentage of the substances believed dangerous, for this regulation, is inferior, to 0,1% of the total weight of the article.

We guarantee that none of the substances used violates the restrictions imposed by the REACH regulation annex XVII
