

# Specifications

## Eaton 002317

Eaton xEnergy Safety Ci LV systems LV switchgear. Fixing kit, mounting rail, for 250mm side length

### General specifications

|                             |                                                   |
|-----------------------------|---------------------------------------------------|
| <b>PRODUCT NAME</b>         | Eaton xEnergy Safety Ci meter enclosure accessory |
| <b>CATALOG NUMBER</b>       | 002317                                            |
| <b>MODEL CODE</b>           | BFS-PT3                                           |
| <b>EAN</b>                  | 4015080023173                                     |
| <b>PRODUCT LENGTH/DEPTH</b> | 213 mm                                            |
| <b>PRODUCT HEIGHT</b>       | 73 mm                                             |
| <b>PRODUCT WIDTH</b>        | 70 mm                                             |
| <b>PRODUCT WEIGHT</b>       | 0.117 kg                                          |
| <b>COMPLIANCES</b>          | RoHS conform                                      |

## Additional information

|                   |                                                                                                                                                                                         |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>FUNCTIONS</b>  | Basic enclosure                                                                                                                                                                         |
| <b>RAL-NUMBER</b> | 0                                                                                                                                                                                       |
| <b>USED WITH</b>  | Order GA-MS-143 meter shroud separately<br>PKZM0. T0, max. 2 off<br>Fitting parallel to 250 mm side of the enclosure.<br>Basic enclosure<br>Fitting of meters<br>CI insulated enclosure |

## Technical data - mechanical

|                  |                |
|------------------|----------------|
| <b>MATERIAL</b>  | Metal          |
| <b>UNIT TYPE</b> | Modular system |

## Delivery programme

|                                  |                                                                                                                                |
