Safety Information

A **Warning** identifies hazardous conditions and procedures that are dangerous to the user. A **Caution** identifies conditions and procedures that can cause damage to the Product or the equipment under test.

 Warning

To prevent personal injury:

- **Read all safety information before you use the Product.**
- **Do not alter the Product and use only as specified, or the protection supplied by the Product can be compromised.**
- **Carefully read all instructions.**
- **Do not use the Product if it operates incorrectly.**
- **Use only specified replacement parts.**
- **Have an approved technician repair the Product.**
- **Disable the Product if it is damaged.**
- **Use this Product indoors only.**
- **Do not use the Product if it is altered or damaged.**
- **Use of compressed liquids can create an environment of propelled foreign matter. Pressure system safety precautions apply to all ranges of pressure. Care must be taken during testing to ensure that all hydraulic connections are properly and tightly made prior to applying pressure.**
- **Lifting and movement of heavy weights can create an environment of strain and impact hazards. Care must be taken during testing to ensure that weight masses are lifted in a manner that avoids over-reaching or twisting, and that the masses are not dropped.**
- **Wear eye protection and reinforced safety shoes approved for the materials and tools being used.**

Symbols

The table below lists the symbols that can be used on the Product or in this document.
