

iglidur AD210 gears, mm

AD210GM-ST-100-050-00-080-R

iglidur AD210 gears, mm

- Optically and magnetically detectable
- Economical series production through injection moulding

Product description

Introducing the iglidur AD210 gears, designed for efficiency and reliability. These visually and magnetically detectable gears are perfect for high-volume production thanks to their cost-effective injection moulding process. Enjoy maintenance-free operation, eliminating the need for lubrication and reducing overall costs. With no minimum order quantity, these gears are readily available from stock, ensuring you get what you need when you need it. Upgrade your projects with iglidur AD210 gears today.
