

drylin lead screw nuts with locating spigot for
linear modules DST SLW-1040 left-hand thread

DST-SLW-1040-DS10X12-J-LH

Product description

Introducing the drylin lead screw nuts with locating spigot, designed specifically for linear modules. This left-hand thread model, part of the DST SLW-1040 series, offers precise alignment and smooth operation. Ideal for various applications, these durable lead screw nuts ensure reliable performance and easy installation, making them a perfect choice for your linear motion needs. Upgrade your setup with this essential component for enhanced efficiency and functionality.

Requirements

Mould-resistant according to DIN EN ISO 846 Procedure A	No
