

drylin® R stainless steel shaft | EWM | AISI 440B

EWM-08

drylin® R stainless steel shaft | EWM | AISI 440B

- High corrosion resistance
- High chemical resistance
- Ideal solution for wet applications
- Stainless steel, EWM AISI 440B (high grade steel)

Product description

Introducing the drylin R stainless steel shaft from the renowned brand, featuring high-grade AISI 440B steel. This shaft boasts exceptional corrosion and chemical resistance, making it the perfect choice for wet applications. Designed for durability and reliability, it ensures optimal performance in challenging environments. Elevate your projects with the superior quality of the drylin R stainless steel shaft.

Manufacturing and installation tolerances

d tolerance	h6
-------------	----

Dimensions

Design	solid shaft
Outer diameter d	8 mm
max. length	4000 mm
Min. length	50 mm

General properties

Material	Stainless steel, EWM AISI 440B (high grade steel)
Effective hardness depth	0.9 mm

Certificates and standards
