

drylin® R stainless steel shaft | EWMR, AISI 304

EWMR-06

drylin® R stainless steel shaft | EWMR, AISI 304

- High corrosion resistance
- High chemical resistance
- Ideal solution for wet applications
- Stainless steel EWMR AISI 304 (304 SS)

Product description

Introducing the drylin R stainless steel shaft, EWMR, made from durable AISI 304 stainless steel. This high-quality shaft offers exceptional corrosion and chemical resistance, making it the perfect choice for wet applications. With its robust design, it ensures longevity and reliability in challenging environments. Upgrade your projects with the drylin R shaft for a dependable solution that stands the test of time.

Manufacturing and installation tolerances

d tolerance	h9
-------------	----

Dimensions

Design	solid shaft
Outer diameter d	6 mm
max. length	3000 mm

General properties

Surface roughness Ra	0,3 - 0,6 µm
----------------------	--------------

Certificates and standards
