

Pin, GBI, igubal®

GBI-03

Pin, GBI, igubal®

- Material: igumid G

Product description

Introducing the Pin, GBI, igubal®, crafted from igumid® G, a highly impact-resistant, long fibre reinforced polymer. Designed for durability, it withstands temperatures from -30°C to +80°C for long-term use. This versatile pin is perfect for various applications, ensuring reliability and performance in challenging conditions. Upgrade your projects with the strength and resilience of igubal® technology.

Dimensions

Ø d1	0.1875 in
Ø d3	0.126 in
l	0.55 in
l1	0.3975 in
m	0.0472 in

General properties

Material	igumid G
