

Pin, GBM, igubal®

GBM-04

Pin, GBM, igubal®

- Material: igumid G

Product description

Introducing the Pin, GBM, igubal® – a durable solution crafted from igumid® G, a long fibre reinforced polymer known for its exceptional impact resistance. This versatile pin is designed to withstand temperatures ranging from -30°C to +80°C, ensuring reliable performance in various conditions. Ideal for a range of applications, the Pin, GBM, igubal® combines strength and resilience, making it an essential addition to your toolkit.
