

Clevis joint with pin and circlip, GERIK / GELIK,
igubal®
GELIK-03

Clevis joint with pin and circlip, GERIK / GELIK,
igubal®

- Thread direction: right hand / left-hand
- Material igumid G
- Very lightweight
- High rigidity
- Absolutely corrosion-resistant
- High tensile force
- Can be used in combination with dimensional series E rod ends
- Vibration dampening
- Noise-dampening

g	0.394 in
thread d2	10-32
Ø d1	0.1875 in
Part number	GELIK-03
Part number	GELIK-03

Product description

Discover the igubal® clevis joint with pin and circlip, perfect for harsh environments. Made from igumid G, this lightweight and high-rigidity joint is completely corrosion-resistant, making it ideal for the food and automotive industries. With excellent vibration and noise dampening properties, it ensures maintenance-free operation. Compatible with dimensional series E rod ends, it's your go-to solution for reliable assembly in various applications. Choose igubal® for unmatched durability and performance.

Dimensions

thread d2	10-32
Ø d1	0.1875 in
g	0.394 in

General properties

Thread direction	Left-hand thread
Dimensional series	E, according to DIN 71752
Material	igumid G
Weight	1.9835 g
