

Clevis joint with spring-loaded fixing clip, GERMF-FC, food contact, igubal®

GERMF-04-FC

Clevis joint with spring-loaded fixing clip, GERMF-FC, food contact, igubal®

- Thread direction: right hand
- Material: igumid FC
- Easy assembly/disassembly
- Lightweight
- High rigidity
- Absolute corrosion resistance
- High tensile force
- Can be combined with rod ends of the dimensional series E
- Vibration-dampening
- Noise-dampening

Product description

Introducing the igubal® GERMF-FC clevis joint with a spring-loaded fixing clip, designed for food contact applications. This lightweight joint offers high rigidity and absolute corrosion resistance, making it ideal for humid or wet environments. Its easy assembly and disassembly, along with vibration and noise dampening features, ensure reliable performance. Resistant to weak acids and alkalis, this clevis joint is perfect for demanding conditions while remaining insensitive to dirt and dust.

Dimensions

thread d2	M04
Ø d1	4 mm
g	8 mm
pitch	0.7 mm
l1	6 mm
l2	21 mm
d3	8 mm
h1	16 mm
b1 overall length	4.1 mm
a1	8 mm
a2	8 mm
Long shaft	No

General properties

Thread direction	Right-hand thread
Dimensional series	E, according to DIN 71752
Material	igumid FC
Weight	1.341 g
