

Ball stud made of polymer with male thread, GZRM, igubal®

GZRM-05

Ball stud made of polymer with male thread, GZRM, igubal®

- Direct connection for pneumatic cylinders and gas pressure springs
- Easy installation
- DIN connection size
- Corrosion-resistant

Product description

Introducing the igubal GZRM ball stud, crafted from durable igumid G polymer. This versatile component features an external thread for direct connection to pneumatic cylinders and gas struts, ensuring a secure fit. With easy installation and standard DIN connection dimensions, it simplifies your setup. Plus, its corrosion-resistant design guarantees long-lasting performance. Choose the igubal GZRM ball stud for a reliable and efficient solution in your applications.

General properties

Material ball stud	polymer
Weight	0.628 g

Manufacturing and installation tolerances

l4 tolerance	±0,2 mm
--------------	---------

Dimensions

Ø d1	8 mm
thread d2	M05
l1	9 mm
l2	10.2 mm
l3	21.7 mm
l4	2 mm
l6	8.2 mm
S2	SW07
S3	4 mm
