

Ball stud made from galvanised steel with female thread, GZRM-IG, igubal®

GZRM-06-IG

Ball stud made from galvanised steel with female thread, GZRM-IG, igubal®

- Easy installation
- DIN connection size
- Corrosion-resistant

Product description

Introducing the GZRM-IG ball stud from igubal®, crafted from galvanised steel with a female thread. This durable and corrosion-resistant component is perfect for direct connections to pneumatic cylinders and gas struts. Designed for easy installation, it features standard DIN connection dimensions, ensuring a seamless fit for your projects. Enhance your setup with the reliability and convenience of the GZRM-IG ball stud.

General properties

Material ball stud	galvanised steel
Weight	14.057 g

Dimensions

Ø d1	10 mm
thread d2	M06
l1	8.8 mm
l2	14.7 mm
l3	11 mm
l6	11 mm
S2	SW11
