

iglidur® IC-05PF, coating powder

IC-05PF-1KG

iglidur® IC-05PF, coating powder

- PTFE-free and PFAS-tested
- Lasts up to 4 times longer than IC-01 in the linear short stroke
- Food-safe according to FDA and EU10/2011
- Eliminates the need for additional lubrication thanks to incorporated solid lubricants
- Increases the service life of your application

Product description

Discover the iglidur® IC-05PF coating powder, a versatile choice for your coating needs. Compliant with FDA and EU standards, this PFAS-free powder is designed for metallic surfaces, ensuring excellent friction and wear protection. With impressive corrosion resistance tested for 480 hours in salt spray, it's perfect for demanding environments like the packaging and beverage filling industries. Enhance your surfaces with this high-performance, tribologically optimized solution.
