

drylin® R liners J4UM-01

J4UM-01-16

drylin® R liners J4UM-01

- For drylin® R round shafts with a diameter of 12 - 40mm and drylin® W linear guides with a diameter of 10 - 25mm
- Savings potential min. 25% compared to liners made from iglidur® J
- Tested in the igus® laboratory: wear rate iglidur® J4: 0.24µm/km ($p = 0.3\text{MPa}$), average coefficient of friction on hard-anodised aluminium shaft AWMP 0.28µ
- 100% lubrication-free
