

drylin® flange lead screw nut with spanner flat,
trapezoidal thread, multi start, JFRM

JFRM-131315TR06X2P1

drylin® flange lead screw nut with spanner flat,
trapezoidal thread, multi start, JFRM

- Material: iglide® J
- Thread direction: Right-hand thread
- Thread type: Trapezoidal threads
- Design: Standard
- Cylindrical lead screw nut with flange
- Multi start
- With spanner flat

Product description

Introducing the drylin flange lead screw nut with spanner flat from igus, designed for high efficiency at all speeds. Made from durable iglidur J material, this cylindrical nut features trapezoidal threads and a multi-start design, ensuring smooth operation. It is lubrication-free and maintenance-free, making it ideal for various applications. With a temperature range of -20°C to +150°C, this robust nut is resistant to wear and chemicals, providing long-lasting performance in challenging environments.

Requirements

Mould-resistant according to DIN EN ISO 846 Procedure A	Yes
---	-----

Thermal properties

Efficiency [η]	29-51
----------------	-------

General properties

Thread direction	Right-hand thread
Thread type	Trapezoidal threads; absorption of larger axial forces
With spanner flat	Yes
Weight	3.8 g

Dimensions

Thread size	TR06X2P1
Ø d1	6 mm
Ø d2	13 mm
Ø d3	25 mm
Ø d4	19 mm
Ø d5	3.2 mm
b1	15 mm
b2	5 mm
