

drylin® flange lead screw nut, drylin® trapezoidal thread, pre-loaded, multi start, JFRM

JFRM-LC-0001-TR12X6P3

drylin® flange lead screw nut, drylin® trapezoidal thread, pre-loaded, multi start, JFRM

- Material: iglide® J
- Thread direction: Right-hand thread
- Thread type: Trapezoidal threads
- Design: preloaded
- Cylindrical lead screw nut with flange
- Multi start

Product description

Introducing the drylin® flange lead screw nut from the drylin® family. Crafted from iglide® J material, this pre-loaded nut features a multi-start trapezoidal thread with a right-hand design. Its cylindrical shape includes a convenient flange, making it ideal for various applications. Experience smooth operation and reliable performance with this essential component for your projects. Upgrade your mechanisms with the durability and precision of the drylin® flange lead screw nut today.
