

drylin® trapezoidal lead screw nut, split, iglidur® J

JTRM-2230TR10X2

drylin® trapezoidal lead screw nut, split, iglidur® J

- Material: iglidur® J
- Thread type: Trapezoidal threads
- Design: Standard
- Cylindrical lead screw nut

Product description

Introducing the drylin trapezoidal lead screw nut, crafted from high-performance iglidur J material. This durable and robust nut operates efficiently at all speeds, ensuring low wear rates and a low coefficient of friction. With a temperature range of -20°C to +90°C, it is both lubrication-free and maintenance-free. Enjoy quiet, vibration-free operation while benefiting from its chemical resistance and long-lasting performance. Ideal for various applications, this nut is your reliable solution for lead screw technology.

Requirements

Mould-resistant according to DIN EN ISO 846 Procedure A	Yes
---	-----

General properties

Weight	13.4 g
--------	--------

Dimensions

Thread size	TR10X2
b1	22.6 mm
