

Yamaichi connector, incl. contacts

MAT01719236

Product description

Introducing Yamaichi plug-in connectors, designed for reliability and durability. With a maximum continuous nominal current of 2.1A and an impressive lifespan of up to 1,000 insertion cycles, these connectors are built to last. They operate effectively in a wide temperature range from -20 °C to +120 °C. Crafted from sturdy zinc die-casting, Yamaichi plug-in connectors are the perfect choice for your connection needs, ensuring performance you can trust.

Thermal properties

Temperature range	-20 °C to +120 °C
-------------------	-------------------

Electricity attributes

Max. continuous nominal current	2.1A
Insertion cycles	1000

General properties

Number of poles	4 (Ethernet) + 2 (Power)
Manufacturer Part No.	Y-CONKIT-15
Housing material	zinc die-casting
