OTUI-11-08

drylin® R - open pillow block OTUI-11 for standard bearings, imperial

- Standard Bearing, Open Pillow Block
- Liner made of iglidur® X, the extreme, best for hardened stainless steel, hard chromed plated steel
- Dimensionally interchangeable with ball bearings

Product description

Introducing the drylin R - open pillow block OTUI-11, designed for standard bearings in imperial sizes. This open pillow block features a liner made of iglidur X, perfect for use with hardened stainless steel and hard chromed plated steel. Its design ensures dimensionally interchangeable compatibility with ball bearings, making it a versatile choice for various applications. Upgrade your machinery with this reliable and efficient component from the drylin family.
