

igubal® fitting screw with circlip
PKLM-06

igubal® fitting screw with circlip

- Thread direction: right/left
- Material: POM
- Very low weight
- Absolutely corrosion-resistant
- Can be combined with rod ends of the K series
- Vibration-damping
- Simple assembly

Product description

Introducing the igubal® fitting screw with circlip, a perfect accessory for K series rod ends. Made from lightweight and corrosion-resistant POM, this fitting screw ensures durability and reliability. Its vibration-damping properties enhance performance, while the simple assembly process makes installation effortless. Compatible with K series components, it offers flexibility with right or left-hand thread options available upon request. Upgrade your setup with this essential fitting screw today!

General properties

Thread direction	Left-hand thread
Dimensional series	K, according to DIN ISO 12240

Mechanical properties

Max. static radial tensile stress, short-term	150 N
Max. static radial tensile stress, long-term	75 N
Max. static transverse load, short-term	250 N
Max. static transverse load, long-term	125 N

Dimensions

Ø d1	6 mm
l1	9.5 mm
l2	12.8 mm
l3	28 mm
l4	3.2 mm
W	SW10
thread d2	M06
