

Sheet metal pillow block bearing with split iglidur bearing insert

PP205-JEM-25-15-SP-TP-MR

Sheet metal pillow block bearing with split iglidur bearing insert

- PP205
- Split iglidur J bearing insert
- Quick bearing change without disassembly of other components
- Lubrication and maintenance-free
- Cost-effective
- Resistant to dirt

Product description

The sheet metal pillow block bearing with split iglidur bearing insert offers a cost-effective, maintenance-free solution. Made with a durable metal housing and a split iglidur J insert, it allows quick on-site replacement without dismantling other parts. Ideal for reliable, low-cost operation, it resists dirt and reduces downtime, ensuring efficient performance.
