PRT-04-20-CP

iglidur® PRT-04, compact version

- 60% lighter, 50% more space saving compared to the PRT-01
- 20% cheaper compared to the PRT-01
- Also suitable for clean room applications thanks to iglidur® J gliding elements

Product description

Introducing the iglidur® PRT-04 Compact, a lightweight and space-saving solution designed for efficiency. This version is 60% lighter and offers 50% more space savings compared to the PRT-01, all while being 20% more affordable. Crafted with universal sliding elements made from iglidur® J, it's perfect for clean room applications. Its modular design allows for easy replacement and expansion, making it an ideal choice for projects with limited assembly space. Upgrade your setup with the PRT-04 Compact today!
