

drylin® flange lead screw nut, thermoplastic ACME, RFRI

RFRI-01-1-5

drylin® flange lead screw nut, thermoplastic ACME, RFRI

- Material: iglide® R
- Thread direction: Right-hand thread
- Thread type: ACME
- Design: Standard
- Cylindrical lead screw nut with flange

Product description

Introducing the drylin® flange lead screw nut, crafted from high-performance iglidur® R thermoplastic. This nut is designed for medium to high speeds, offering exceptional vibration dampening for a quieter, smoother operation. Its soft material ensures high wear resistance under low loads, while maintaining performance in temperatures up to +90°C. The flange design enhances stability, making it an ideal choice for various applications. Experience durability and reliability with this lubrication-free solution.

Requirements

Mould-resistant according to DIN EN ISO 846 Procedure A	No
---	----

Thermal properties

Efficiency [η]	17-24
----------------	-------

General properties

Thread direction	Right-hand thread
Thread type	ACME; US standard
With spanner flat	No
Weight	269.5 g

Dimensions

Thread size	1-5
Ø d1	1 in
Ø d2	1.5 in
Ø d3	2.5 in
Ø d4	2 in
Ø d5	0.28 in
b2	0.59 in
