Product description

Introducing the drylin R pillow block RJUI-31, designed for bearings with minimal clearance. This closed pillow block features a liner made of iglidur J, known for its exceptional wear resistance and low friction on various shafts. Its dimensionally interchangeable design with ball bearings ensures versatility and ease of use. Perfect for applications requiring reliable performance, the drylin R pillow block RJUI-31 is your go-to solution for efficient operation.

General properties

Sliding element material	igidur_j
Housing material	anodised aluminium

Dimensions

B	1.75 in
M	0.875 in
E	1.437 in
A	0.5 in
