

drygear® Apiro gearbox with drive pin
RL-A10.0104

drygear® Apiro gearbox with drive pin

- Available transmissions: 4:1, 8:1, 32:1, 64:1
- Output torque: 2.5Nm
- Output: hollow shaft
- Drive: drive pin/hand wheel

Weight	211.214 g
Ø T	20 mm

Product description

Introducing the drygear® Apiro gearbox with drive pin from igus®. This modular gearbox system offers flexible, cost-effective solutions for various applications, featuring lightweight motion plastics and dry running worm gears. With an output torque of 2.5Nm and multiple transmission options (4:1, 8:1, 32:1, 64:1), it's perfect for tasks ranging from simple pivoting movements to complex robotic kinematics. Experience the infinite possibilities of Apiro® for your drive solutions today.

General properties

Weight	211.214 g
--------	-----------

Mechanical properties

Backlash	0.5 °
Rated torque	2.5 Nm
Transmission	8:1
Rated speed	60 r/min

Dimensions

Axis distance (A1)	31 mm
Ø T	20 mm
