

drygear® Apiro motor kit DC motor

RL-A51.0117

drygear® Apiro motor kit DC motor

- Torque: 0.1Nm to 1.8Nm
- Operating voltage: 12VDC and 24VDC
- Speed: up to 440rpm
- Motor connection: low-profile connector
- Protection class: IP30
- Direct battery operation possible

Product description

Introducing the drygear® Apiro motor kit DC motor, designed for simple and effective drive solutions. This compact motor operates quietly and can be powered directly by batteries. With the ability to easily reverse direction by changing polarity, it offers versatility for various applications. The kit includes the motor, coupling, housing, and all necessary screws, making installation a breeze. Experience reliable performance with torque ranging from 0.1Nm to 1.8Nm and speeds up to 440rpm.

General properties

Weight	278.32 g
Shipping weight (kg or kg/m)	0.27832

Dimensions

L1	103.5 mm
B1	40.5 mm
B2	42 mm
L2	59.5 mm
Ø S	8 mm

Mechanical properties

Nominal current	0.5 A
