

drylin® R pillow block RTA-04

RTA-04-08

drylin® R pillow block RTA-04

- Design: closed housing, tandem design, solid polymer bearing
- Material sliding element: iglidur® J
- Housing material: aluminium

Product description

Introducing the drylin R pillow block RTA-04, a reliable solution for your motion needs. Featuring a closed housing and tandem design, this pillow block is built with a solid polymer bearing for enhanced durability. The sliding element is made from iglidur J, ensuring smooth operation, while the lightweight aluminium housing adds strength without compromising on performance. Perfect for a variety of applications, the RTA-04 is designed for longevity and efficiency.
