iglidur®B160, bar stock round bar

- Very long service life with hard anodised aluminium
- Low coefficients of friction
- Low wear
- For low to medium loads
- Lubrication and maintenance-free

Product description

Discover the iglidur® B160 round bar, a versatile solution for creating maintenance-free sliding elements and bearings. Made from high-performance materials, this bar stock is designed for applications in medical technology, special machine construction, and more. Enjoy the benefits of low wear and friction, ensuring a long service life without the need for lubrication. Ideal for custom dimensions and small quantities, the iglidur® B160 is your go-to choice for reliable performance.
