iglidur®B180, bar stock round bar

- Very long service life
- Low coefficients of friction
- Low wear
- For low to medium loads
- Lubrication and maintenance-free

Product description

Introducing the iglidur® B180 round bar, a lubrication-free solution designed for crafting maintenance-free sliding elements and bearings. This versatile bar stock boasts low wear and low coefficients of friction, ensuring a very long service life under low to medium loads. Ideal for applications in medical technology, special machine construction, and plant construction, the iglidur® B180 offers the flexibility to create custom plain bearings in small quantities. Experience the reliability of iglidur® materials today.
