

iglidur® E, bar stock round bar

SFRE-3000

iglidur® E, bar stock round bar

- Very long service life
- Low coefficients of friction
- Low wear
- For low to medium loads
- Lubrication and maintenance-free

Product description

Introducing the iglidur® E round bar, a lubrication-free bar stock designed for crafting maintenance-free sliding elements and bearings. With exceptional wear resistance and low coefficients of friction, this material is perfect for various applications, including medical technology and special machine construction. Enjoy the benefits of a long service life and high flexibility, all while eliminating the need for lubrication. Ideal for custom dimensions and urgent prototypes, the iglidur® E round bar meets your unique needs with ease.
