iglidur® F161, bar stock round bar

- Very long service life
- Low coefficients of friction
- Low wear
- For low to medium loads
- Lubrication and maintenance-free

Product description

Introducing the iglidur® F161 round bar, a premium solution for your sliding elements and bearings. Made from lubrication-free materials, this bar stock ensures a long service life with low friction and wear, making it perfect for low to medium loads. Ideal for various applications including medical technology and special machine construction, it offers flexibility and high compressive strength. Experience the convenience of maintenance-free operation with the iglidur® F161 round bar.
