iglidur® S200, bar stock round bar

- Very long service life
- Low coefficients of friction
- Low wear
- For low to medium loads
- Lubrication and maintenance-free

Product description

Introducing the iglidur® S200 round bar, a premium product from the renowned iglidur® family. This lubrication-free bar stock is designed for creating maintenance-free sliding elements and bearings, ensuring a long service life with low wear and friction. Ideal for various applications, including medical technology and special machine construction, it offers high compressive strength and flexibility. Choose the iglidur® S200 for reliable performance in low to medium load environments.
